Driving a path to reducing healthcare disparities  
WE CAN DO BETTER.

[www.iomc.org](http://www.iomc.org)

The Institute of Medicine of Chicago and Health News Illinois cordially invites you to the

## 9th State of Health of Chicago

*Driving a path to reducing healthcare disparities*

**December 14, 2023**

4:00 PM - 8:00 PM CT

Grand Lux Cafe - The Rush Room

Open to all!

Join us for the 9<sup>th</sup> State of Health of Chicago--a pivotal event as diverse leaders discuss and define imperative challenges that are barriers to advancing healthcare equity and reducing healthcare disparities. The purpose is to identify areas that demand attention for action and initiatives.

We are honored that Dr. Bechara Choucair, MD, SVP and Chief Health Officer of Kaiser Permanente- Kaiser Foundation Health Plan & Hospitals will join us. In addition, a diverse panel of speakers will discuss key issues facing the healthcare and public health community. The educational forum will be followed by a networking reception.

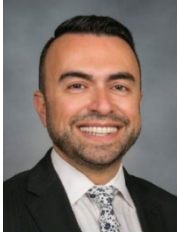

Five reasons to attend the 9<sup>th</sup> State of Health of Chicago:

- 1) Learn from 10 highly active leaders and practitioners who are facing challenges head on.
- 2) Connect with the speakers and attendees in one-single event.
- 3) Address critical issues facing us now- behavioral health, opioids, immigrants, maternal & child health, lead exposure, gun violence and more.
- 4) Discuss actions to make an impact.
- 5) Obtain the 'report card' and vote on the highest areas of concern.

Don't miss this opportunity to hear from ten leaders who are actively working to address healthcare disparities and cast your vote on the areas of importance.

Join us in honoring Dr. Allison Arwady's leadership during the COVID-19 pandemic and leading the City of Chicago's public health efforts. We appreciate her leadership and service.
