

# Cook County DEPT. of Public Health

Bio

**Jacqueline Korpics MD, MPH, FAAP**

Medical Director, Cook County Dept of Public Health

Pediatrician, Cook County Health

Associate Program Director, Cook County Health & Northwestern University

Feinberg School of Medicine General Preventive Medicine Training Program

Assistant Professor, Department of Preventive Medicine, Northwestern

University Feinberg School of Medicine

Jacqueline Korpics, MD, MPH, FAAP is a preventive medicine & public health physician and pediatrician who is currently a Medical Director at the Cook County Department of Public Health (CCDPH). In this position, she leads the suburban Cook County COVID-19 Mass Vaccination Program and leads the department's efforts in promoting Mpox and influenza vaccination. She is also a leader in emergency preparedness and response, behavioral health, and trauma-informed care.

Dr. Korpics began her work in public health in undergrad through the Program in Global Health Studies at Northwestern University. While in medical school at Loyola University Stritch School of Medicine, she worked in the Center for Community and Global Health and obtained Honors in Global Health through her volunteer and research projects abroad. She completed her pediatric residency at Rush University Medical Center. After graduation, she worked as a primary care pediatrician in a federally qualified health center prior to starting her Cook County Health and Northwestern Preventive Medicine Fellowship. She obtained her Masters in Public Health at Northwestern University Feinberg School of Medicine.
